

## CALL GERMANS APRIL 25 TO SIGN TREATY

### WORK ON TREATY IS NEARLY DONE

Statement in Behalf of Council of Four Is Issued by President Wilson.

### GERMANS ARE INVITED

Questions Are so Near a Complete Solution That Four Envoys Have Been Asked to Versailles on April 25.

Paris, April 15.—The Midi expresses the belief that the Allies already have indicated to the Germans the final peace terms of the Entente and have received from Philipp Schneidemann, German chancellor, an assurance that the conditions will be accepted.

Paris, April 15.—It was stated in authoritative quarters that a satisfactory agreement had been reached on the question of the Rhine frontier, thus removing the last of the main obstacles in the way to the peace treaty with Germany.

Paris, April 15.—A statement by President Wilson in behalf of the Council of Four says that the questions of peace are so near a complete solution that they will be quickly and finally drafted. This announcement was contained in an official bulletin, which added that the German plenipotentiaries had been invited to meet at Versailles on April 25.

The President hopes that the question of Italy, especially relating to the Adriatic, will be brought to a speedy agreement. The Adriatic question will be given precedence over other questions.

The settlements belonging especially to the treaty with Germany, the statement says, will thus be out of the way and at the same time other settlements will be completely formulated.

Wilson's Statement.

The text of President Wilson's statement follows:

"In view of the fact that the questions which must be settled in the peace with Germany have been brought so near a complete solution that they can now quickly be put through the final process of drafting, those who have been most constantly in conference about them have decided to advise that the German plenipotentiaries be invited to meet the representatives of the associated belligerent nations at Versailles April 25.

"This does not mean that many other questions in connection with the general peace settlement will be interrupted or that their consideration which has been long under way will be retarded. On the contrary, it is expected that rapid progress will now be made with these questions so that they may also presently be expected to be ready for final settlement.

Italian Situation.

"It is hoped that the questions most directly affecting Italy, especially the Adriatic questions, can now be brought to a speedy agreement. The Adriatic question will be given for the time precedence over other questions and pressed by continual study to its final stage.

"The settlements that belong especially to the treaty with Germany will in this way be got out of the way at the same time that all other settlements are being brought to a complete formulation. It is realized that through this process must be followed all the questions of the present great settlements as a part of a single whole."

### TRANS ATLANTIC AIR LINE

British Company Will Use Airships Designed for Navy.

London, April 15.—Vickers, Ltd., is about to start a trans-Atlantic air service with airships which the company was building for the British navy when the armistice was signed, the Pall Mall Gazette says. The passenger rate will be \$220 and mail will be carried at the rate of \$2,025 a ton.

The pioneer ship will have a gas capacity of 1,200,000 cubic feet and engines of 1,000 horsepower. Larger ships are being designed to carry 200 passengers.

### DRY LAW CAN BE ENFORCED

Federal Officials Declare Penalties Are Provided.

Chicago, April 15.—Charles F. Clyne, United States district attorney, and Col. L. G. Nutt, supervising agent of the Central district of the Internal Revenue department, declared that they anticipated no difficulty in enforcing the war time prohibition law July 1. They declared that the law provides a penalty for violations and they are preparing to enforce it.

### MARSHAL PETAIN

Famous French Commander Will Visit United States.

Marshal Petain, commander-in-chief of the French armies in France, has announced his intention of visiting the United States.

### REDS SUFFER DEFEAT

Bavarian Troops Regain Full Control at Munich.

Transportation of Polish Army Across Germany Will Be Allowed to Take Place.

Paris, April 15.—A proclamation issued by the Bavarian government announces that the garrison at Munich has swept away the soviet forces, that the regime of Herr Hoffman has been re-established, and that the transportation of Polish General Haller's army across Germany for Poland will start April 15.

Berlin, April 15.—The latest news received here is to the effect that the Communists in Munich have not yet been mastered and that heavy fighting is raging in the streets of Munich between Red guards and troops loyal to the government.

The Central railway station, the postoffice and telegraph office and several other public buildings are again in the hands of the Communists, who used heavy mine throwers in their capture.

A number of persons have been killed or wounded.

Earlier advices reported that the whole of Bavaria with the exception of Hof had been regained by the Hoffmann government, which provisionally remains at Bamberg.

### FATE RESTS WITH SENATE

Minnesota House Votes to Abolish Safety Commission.

St. Paul, April 15.—The house of representatives overwhelmingly voted to put the Public Safety commission out of business at once. The fate of the commission is now up to the state senate.

By a vote of 104 to 12, and without debate, the lower branch of the legislature passed the bill introduced by Representative W. A. Pittenger of Duluth, which called for the closing up of the commission's affairs. It provides that all outstanding funds in the commission's hands be turned into the general revenue fund of the state.

### JAPS ARREST MISSIONARIES

Americans Held in Connection With Korean Revolution.

San Francisco, April 15.—Four American missionaries in Seoul, capital of Korea, have been arrested by the Japanese in connection with the Korean revolution, according to information received by the Rev. David Lee, general manager of the Korean National association branch here.

The missionaries arrested were: Drs. John Thomas, C. R. Avison, J. I. Laudlow and J. W. Hirst, according to the information made public by Mr. Lee. The information was first received by Mrs. Fawns of Wilmore, Ky., daughter of Dr. Thomas.

### FAVOR ACCEPTING REPORT

British Miners Vote on Plan to Better Conditions.

London, April 15.—The vote of the miners on the report of the Sankey commission regarding improved conditions of labor as adopted by the government has been completed and shows a large majority in favor of acceptance.

The final vote stood: For acceptance, 499,000; against acceptance, 69,490.

### Germans Getting Cocky as Peace Conference Dallies

By FRANK J. TAYLOR (United Press Staff Correspondent)

Berlin, April 15.—The Germans are becoming more and more imbued with the idea that although they have lost the war they are winning in the peace conference. This is largely a development of the past month. Two months ago the Germans were ready to accept any peace the allies might impose. Now the people are becoming independent to the extent of "cockiness." I don't know whether the attitude here is the natural result of the delays in Paris and the continuous stream of reports of allied differences which are wide spread in the German press, or whether it is part of an organized plan on the part of the Germans. It is probably both, for members of the old regime certainly are making the most of the situation. For instance, Count von Bernstorff gets much delight out of the way things have been going at Paris. I met him on the street the other day and asked him what he thought of the situation. "The situation is all in Paris," he said. "It isn't very diplomatic to say this, and I suppose I ought not to tell you, but we have been damned fools in the past, and have made some awful blunders, however we never had anything on Paris."

### VICTORY FLEET ARRIVES

Atlantic Battle Squadron Reaches Port of New York.

New York, April 15.—Led by the superdreadnought Pennsylvania, the bulk of America's "Victory fleet," consisting of 103 ships of the Atlantic battle squadron, came sailing into this port. The Pennsylvania, with Admiral Henry T. Mayo on board, reported by wireless that it was nearing Ambrose channel.

Following the Pennsylvania are seven other superdreadnoughts, and behind them more than 80 destroyers which were to steam up the harbor four abreast and anchor in the Hudson river. "Mother ships" repair ships and tenders are following in the rear of the fighting ships.

The destroyers were escorted by a great fleet of airplanes.

Maccabees to Meet in Hancock, Hancock, Mich., April 15.—Several prominent Northwest Maccabees have been invited to attend the annual state convention of the order there June 16 and 17. This is the first Maccabee convention ever held in the Upper Peninsula.

Mercier Coming in October.

Paris, April 15.—Cardinal Mercier, the primate of Belgium, has informed the American congressmen who are visiting Brussels, that he would visit the United States next October.

BY FRED S. FERGUSON (United Press Staff Correspondent.)

Paris, April 15.—The peace program was authoritatively outlined to the United Press today as follows:

The treaty will be handed to the Germans April 25. If the Germans have plenary powers it will be signed almost immediately, otherwise it will be first submitted to the German government at Weimar.

Separate treaties will be presented to Austria, Turkey and Bulgaria within a few days after the Germans arrive at Versailles. As soon as all the treaties are signed, a period of twenty to thirty days will be permitted for ratification by the allied governments. When two thirds of the governments have ratified the treaties they become effective. President Wilson is expected to call a special session of congress for the purpose not later than June 1st. The little five (foreign minister's council) met today to discuss the mechanical details of the final peace sessions. Under the present plan a plenary session will probably be held next week, in which the new covenant of the league of nations will be presented as well as the final reports of their commissions. No definite decision has been reached regarding the work after the German delegates arrive, but it is understood a special committee composed of the big four will deal with them. The cleaning up of the most important questions involved in the peace treaty came like a whirlwind.

### Aviators Waiting for Suitable Weather to Make Ocean Flight

(By United Press)

St. Johns, N. F., April 15.—Auspicious weather conditions are still being awaited by the British aviators here ready to start across the Atlantic.

### Japanese Ambassador is Called Home

(By United Press)

Washington, April 15.—Japanese Ambassador Ishii will return to Japan May 1st, to confer with the government on important problems it is announced.

### Secretary Baker Arrived in Paris

(By United Press)

Paris, April 15.—Secretary Baker arrived here this morning with Warren Pershing, son of General Pershing.

### Personal Property Assessment Decreased

(By United Press)

St. Paul, April 15.—The Minnesota assembly today passed the bill decreasing taxes on personal property from 25 to 20 per cent of the full value and also including agricultural products in the hands of producers and tools not for sale in the hands of owners as personal property.

### Three Inch Snowfall in Southern Minn.

(By United Press)

St. Paul, April 15.—Today's snow fall of more than three inches in southern Minnesota will retard crops because of excess moisture already in the ground according to agricultural experts.

### FOE'S WAR DEBT RAISED

Now Said to Have Been Placed at Fifty Billions.

Election in England Causes Lloyd George to Urge Change in Plans, Which Is Made.

Paris, April 15.—According to the Echo de Paris, Premier Lloyd George of Great Britain, alarmed by the result of the bye-election at Hull last week, has persuaded the council of four to revamp completely the financial plan to be incorporated in the peace treaty.

Instead of a payment of \$5,000,000,000 on account and annual payments to be fixed by a commission, it has been decided to fix at once the amount which Germany will have to pay within 50 years. This amount is kept secret, but it is indicated by the newspapers that a figure of \$50,000,000,000 has been agreed on, which includes all war damages as well as the cost of pensions. The first installment of \$5,000,000,000 must be paid within 18 months, the newspaper declares.

Indications are that a combination of the peace treaty and league of nations documents will be written into a preliminary peace treaty within the coming two weeks. The Germans then will be called in and the present "peace conference" will be merged into the "peace congress."

The Council of Four is understood to have fixed for the Peace congress tentative dates between April 26 and May 5, but no announcement has been made as to details, so that Premier Lloyd George may have something to disclose when he addresses the British Parliament.

Premier Lloyd George's trip to England will be a brief one, according to the Petit Journal. He will be back in Paris in two or three days the newspaper says.

### Dates of Western Trading Companies.

The Hudson's Bay company was chartered in 1670 by Prince Rupert and others. The North West Fur company of Montreal was formed in 1779, and the two joined forces in 1821.

### DR. BERNARD DERNBURG

Newly Appointed German Minister of Finance.

Dr. Bernard Dernburg, former colonial minister and former chief of the German propaganda service in the United States, has been appointed minister of finance in the national government to succeed Dr. Schiffer, who resigned last week, the Berlin Tageblatt announces.

### TWO REPORTS COMING

House Committee Favors Impeaching Iowa Governor.

Minority Will Recommend Merely Vote of Censure for Alleged Misconduct in Pardon Case.

Des Moines, Iowa, April 15.—Charging W. L. Harding with malfeasance in office for his part in the Rathbun pardon case, the Iowa House judiciary committee will present a majority report to the House, recommending his impeachment. A minority report will recommend censure.

Final approval of the majority report was given by the committee in executive session by a vote of 17 to 11, three committee members not voting, but joining with the dissenting 11 in the minority report.

Majority and minority reports will be prepared in regard to Attorney General H. M. Hayner, whose methods in revoking the pardon also have been under investigation by the committee. Exonerated will be the majority recommendation, while the minority report will urge censure.

The majority report on the governor's case declares the evidence obtained by the committee does not show he received any money for granting the pardon, but charges he violated his oath of office and is guilty of negligence and carelessness in granting clemency without thoroughly investigating the case.

### GOVERNMENT FILES MOTION

Asks Supreme Court to Rush Rate Case Appeals.

Washington, April 15.—The Supreme court was asked in a motion filed by the government to expedite consideration of appeals brought by the Railroad administration from North Dakota Supreme court opinions restraining Director General Hines from increasing freight and passenger rates in that state under an order placed into effect last June. The motion was concurred in by the North Dakota authorities.

The supreme court reconvened for its final series of sessions prior to the regular summer vacation.

### EXCLUDE FOREIGN TONGUES

President of D. A. R. Urges Teaching Only English.

Washington, April 15.—Exclusion of all spoken languages except English from the public schools as the most essential element in the development of the American consciousness was urged by Mrs. George Thacher Guernsey, president general of the Daughters of the American Revolution, at the opening of the twenty-eighth annual congress.

### EXTENDS TIME TO JUNE 15

Roper Gives Corporations Chance to File Income Returns.

Washington, April 15.—Further extension to June 15 of the time for filing corporation income and profits tax returns was ordered by Internal Revenue Commissioner Roper. The first extension was from March 15 to May 1.

### ENORMOUS YIELD IS ANTICIPATED

Total Spring and Winter Wheat Crop May Reach 1,100,000,000 Bushels.

### GREATEST ON RECORD

Agricultural Department Figures Indicate That American Farmers Will Receive Upwards of \$2,500,000,000.

Washington, April 15.—The total spring and winter wheat crop grown by the American farmer this year promises to be the greatest produced by any nation in the world history. Agricultural department figures showed.

With the estimated winter yield of 837,000,000 bushels, announced a week ago, department estimates on the spring wheat crop bring the total for all wheat up to 1,100,000,000 bushels this year, and it may run beyond this figure.

The only crops ever approximating this were the 1913 winter yield in Russia of 838,000,000 bushels and a single billion bushel yield in the United States.

The promised 1919 yield, with the guaranteed price of \$2.26 per bushel fixed by the government, means a return of approximately \$2,500,000,000 to the farmers. Should the price of wheat drop, it is pointed out, the government would have a big sum to make up.

Little chance, however, is seen for such a drop this year. Russian production, which in years past has been about the same as the United States, does not now figure in the world market. Hence the world's supply still will be far short of needs until Russia resumes its former place as a wheat producing nation.

Another factor which officials here say will tend to prevent a drop in wheat quotations is the cheapening of money in every part of the world. The American dollar, for example, is worth only half as much as it was in 1913, according to government statistics and the pound, franc and lire have dropped as much or more in value.

Therefore officials are confident the government will not be obliged to buy millions of bushels of wheat at a loss.

### YANKS ARE BACK FROM ITALY

First U. S. Troops Arrive in New York from Genoa.

New York, April 15.—The first United States troops to come home from Italy have arrived here on the steamer Duca d'Aosta, which sailed from Genoa March 29.

Units aboard were 332nd Infantry, field and staff, detachment of headquarters company, supply company, machine gun company, Companies A, B, C, D and I veterinary detachment and detachment of medical detachment, total 47 officers and 1,595 men.

### RAINBOW DIVISION LEAVING

Part of Organization Sets Sail from France for Home.

Brest, April 15.—Four ships have sailed from France for America with a part of the Rainbow Division.

The entire Rainbow Division is expected to arrive in Camp Pontoniere from the front at once. The latest arrivals include the 117th Sanitary train, Battery F, 159th Artillery of Indiana; headquarters, Companies A and B, 149th Machine Gun Battalion of Pennsylvania; 117th Field Signal Battalion of Missouri.

### WITHDRAWS OFFER TO BUY

United States Government Will Not Purchase British Ships.

Washington, April 15.—Withdrawal by the United States government of its offer to purchase the American owned interest in British tonnage held by the International Mercantile Marine and which a British syndicate previously desired to buy, was due to conditions surrounding the company's contracts with the British government.

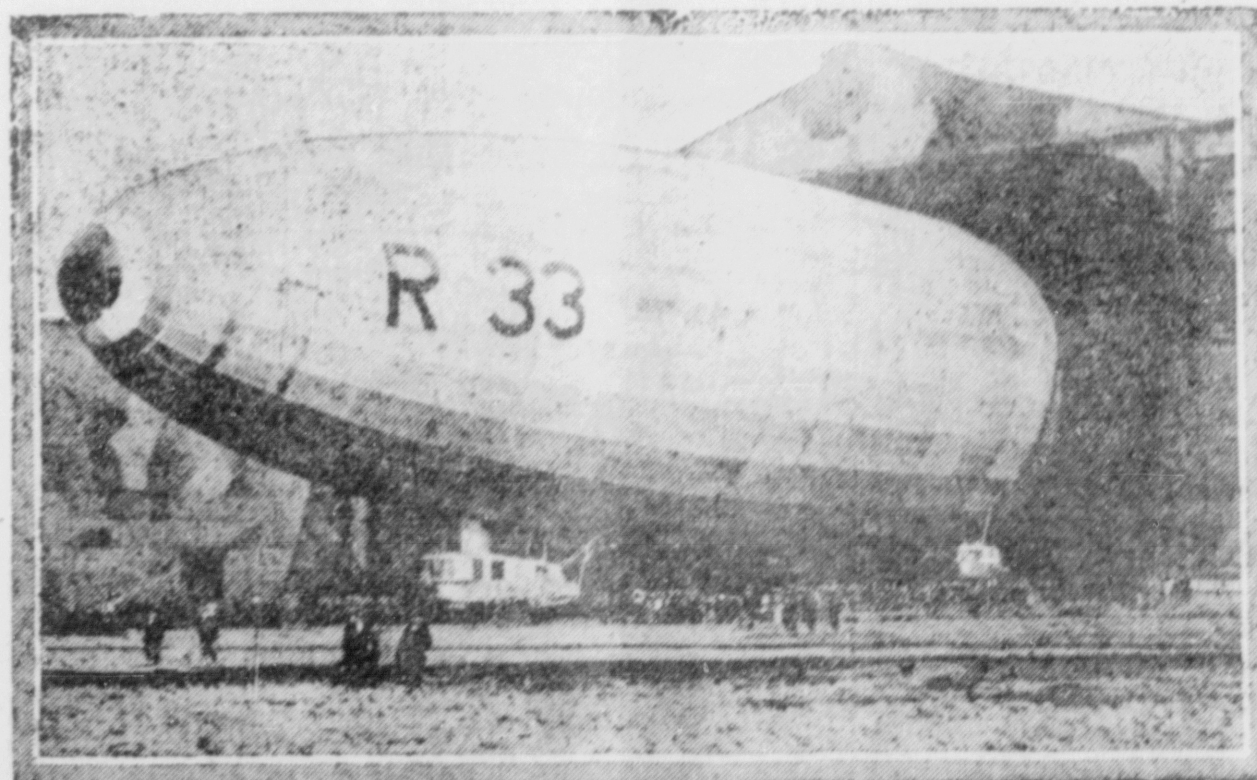

It was learned that Great Britain had the right to requisition the fleet at any time.

### MINNESOTA LAW IS VALID

Federal Supreme Court Upholds Act Requiring Sidetracks.

Washington, April 15.—Constitutionality of the Minnesota sidetrack law of 1913, requiring railroads to construct and operate adequate sidetrack facilities for industries along their lines, was upheld by the supreme court in deciding appeals taken by the Chicago and Northwestern railroad in proceedings growing out of the construction of a spur track in Springfield, Minn.

### Giant Airship That British Believe Can Cross the Atlantic

Trial flights have led British experts to predict that a trans-Atlantic crossing will be made by one of Great Britain's new dirigibles, the R-33 or the R-34. This photograph shows the R-33 leaving its shed. This

giant flier is 670 feet in length, seventy-nine feet in diameter, has a gas capacity of 2,000,000 cubic feet, can carry fuel for a five days' trip, has averaged seventy miles an hour and has a lifting capacity of twenty-seven

to thirty tons. In flying trim this British "Zeppelin" weighs sixty tons. The R-33 could not be housed in a shed less than two and a half times the length of a New York City block.

## WOMAN'S REALM

BOOZE, CIGARETTES,  
RED LIGHTS, DIVORCE

Booze, cigarettes, red lights, divorce and marriage were some of the things attacked by the evangelist, Rev. David E. Nygren, Sunday afternoon at 3:30 in his lecture in the Bethlehem Norwegian Lutheran church. The subject of his lecture was, "Life's Comeback" and the entire lecture from the first word to the last was plain, startling, red hot and gripping. "Nothing like it ever given in Brainerd," was an expression by many after the service was over.

"The downfall of Rome, of the German Empire and the loss of Alsace-Lorraine by France, can all be traced to sin," said the Evangelist. "God has driven His plowshare thru cities and nations and they are upheaved like furrows in the field. United States is no pet child to God Almighty and what has happened to other nations can happen to this nation. Our nation is following a path of sin and vice. A tide of crime is sweeping over our land. In 1882 there were 1,500 murders in our land, year 1913 there were 20,000 murders, suicides. Divorce is on the increase. There are 59 applications for divorce every legal day in the city of Chicago. The divorce evil is increasing 2 and 1/2% faster than the population of the U. S. Why, at the rate we are going, I'm looking for marriage license with divorce coupons attached to them. Booze, well praise God, we're living to see the funeral of John Barleycorn! Let us hope the other nations will follow." At this point there were several "Amens" from the men of the audience.

Vice was mentioned. The evangelist said, "There are 80,000 girls in this country sacrificed on the altar of vice every year, 6,000 die in the city of Chicago every year; there are 500,000 white slaves in the U. S. today. Shame on the so-called 'Manhood' of our nation! Over 200,000 persons are treated for disease caused by vice every year in the city of New York. Venereal disease is spreading at an alarming speed. The great war has opened our eyes to conditions. During the first year and one half of the war one of the great powers had more men incapacitated for service by venereal disease, than were disabled in all the fighting at the front. An Austrian report early in the conflict states that 60 divisions of men had been withdrawn from service on account of this disease. The report of the Surgeon-General of the U. S. Army Dec. 1918 is as follows, figures computed on an-

nual rate per 1,000 soldiers:

Regular Army, venereal disease, 88.0.

Other communicable disease, 13.0. New National Army, Venereal disease, 162.4.

Other disease, 23.8.

The "Home Towns," report by the Council of National Defense, 12 weeks ending Dec. 7, 1917, 31 cantonments included, 21,742 new cases of this dread disease. In some of the Home Camps there are from 250 to 500 cases per week." Mr. Nygren told of the dangerous after-effects of the disease, he said, "There are from 50,000 to 60,000 people blind in our land today as a result of this vice." Then too he mentioned about "Sports" rebelling young women of their virtue, at this point he had the following to say, "Would to God I could rock this old Republic to its foundations, I wish I could build a fire of education along this line that would light up the nation from the mountains to the sea. America should be the most dangerous zone on earth for a man who does not honor and love the woman. A man who would marry a girl would stain an angel strayed from heaven, a man of that caliber is worse than a yellow dog, he ought to be hanged. Here is a slogan, pass it on, 'Defend the girls of today to adorn the homes of the nation tomorrow!'" On the subject of marriage the evangelist was free with advice, saying he was married himself so he knew! He said, "Don't bank on mere beauty, it is as unreliable as the weather! Some young fellows lose their head when they hear the rustle of a silk petticoat! Don't marry for talent and popularity or wealth, without love all this is as insipid as an egg without salt. Don't propose to a woman who has a tongue loose at both ends. Don't marry a girl who thinks more of a 'good time' than a good name. Don't marry a girl who is more concerned how she looks than how she acts. Don't marry opposite in religion, your religion is likely to outlast your love. Don't marry till your heart and hand is as clean as those you have won!"

In closing Mr. Nygren advocated a brotherhood feeling on the part of the older men for the younger. He severely criticized bachelors. Rev. P. Alf. Peterson rendered an effective solo. Rev. Hostager led the service and Rev. Lowry offered prayer. It was a telling service.

The Evangelistic meetings Sunday was the best so far of the entire campaign. Mr. Nygren spoke in the morning and evening at the Baptist church. The evening brought our people until the church could hold no more. Mr. Nygren spoke on the subject, "The Greatest Truth I Know." Rev. M. L. Hostager took

part in the service. At the invitation given by the evangelist large numbers responded.

Mrs. Nygren, the evangelist's wife spoke to women in the afternoon and at that service the church was entirely filled. Her subject was "Mother." No "mere man" was allowed, but from reports given, it was a wonderful service. "Affect simple dress and forget about following fashion's whims," said Mrs. Nygren. "Your attraction is not clothes, appear neat and pay more attention to your soul and brain." Mrs. Nygren won many friends thru her message.

Services held every evening this week and over next Sunday which is the closing day.

Mrs. Nygren addressed the Ministerial Association Monday noon at the Y. M. C. A.

## Grant-Erickson

Miss Florence Rose Grant became the happy bride of Walter E. Erickson at a marriage ceremony performed at 6 o'clock Saturday evening at the Evangelical parsonage, Rev. Geo. P. Herbold officiating and using the short ring service. Mr. Erickson has recently been honorably discharged from service at the front. The bridegroom wore the full dress of his country's defenders.

The bride wore a traveling suit of khaki in honor of the groom and her two brothers in uniform. The young couple will make their home in Pequot.

Miss Esther Soder of Brainerd attended the bride and John Nordin was the best man. The friends in Brainerd join their many friends in their home town of Pequot in wishing them all kinds of happiness.

## Enes-Hoss

Bottolf Hoss and Miss Anna Enes were married Saturday evening, April 12, at the home of Mr. and Mrs. John Philstrom of Northeast Brainerd, Rev. M. L. Hostager officiating. The attendants were Amanda and John Philstrom, sister and brother-in-law of the bridegroom.

The young couple are from Pequot where the groom has a sawmill. Guests were the parents and brother of the groom and mother of the bride, the wedding supper being served at the home of Mr. and Mrs. John Philstrom. The Dispatch joins their many friends in wishing them continued happiness and prosperity.

## Peoples Congregational Aid

The Ladies Aid society of the Peoples Congregational church will meet at the church parlors next Wednesday afternoon, April 16th. Mrs. Esmy and Mrs. Ida Warren are the entertainers and a right good time is thus assured. All are very cordially invited to this gathering of the ladies of the church and neighborhood.

## Birthday Surprise

The neighbors of Mrs. Amos Maghan of the third floor, Imperial block, gave her a surprise party, the occasion being her birthday. A very nice lunch was served also, a pleasant time was reported.

## Congregational Ladies Aid

The Ladies Aid of the First Congregational church will be entertained tomorrow afternoon by Mrs. T. E. Jones and Mrs. G. S. Swanson at the residence of Mrs. Jones, 401 8th St. North.

## Missionary Society

The Woman's Home and Foreign Missionary society of the Presbyterian church will meet Thursday instead of Friday at the home of Mrs. John McKay. Friends are invited.

## Methodist Aid

The Ladies Aid of the Methodist church will not meet this week on account of sickness as well as the special meetings held in different churches.

## AT THE BEST TONIGHT

Would You Accept \$100,000 to Marry an Utter Stranger?—This is What John Barrymore Does

If you were a poor lawyer with little or no practice and harassed by creditors, would you accept \$100,000 to marry a woman who is an utter stranger to you and who, by the way, is conspicuous by her plainness? Would you accept such a bride, even though the marriage was to be a

"EYES OF THE WORLD" at the Park Theatre Wednesday and Thursday

## "Eyes of the World"

When Harold Bell Wright began into the story people whose prototypes he observed while pastor of a church there.

The author's indictment of "society" did not refer specifically to Redlands, but applied equally well to any other community where the wrongful social tendencies are in evidence—and that means practically every good-sized American community nowadays.

So it seems fairlands, the scene of many of the incidents of the story is not a thinly disguised pseudonym for Redlands, but only happens to be the name that sprang into the mind of Mr. Wright for the purpose of his tale of fiction.

story is fully told, but to reveal just what followed, would be unfair to the spectator.

## At the Best Tomorrow

The policy of Artercraft to picture leading stage successes and novels, has met with unequivocal success. When "Under the Greenwood Tree" was selected for Elsie Ferguson, the beautiful Artercraft star, it was readily conceded that it afforded Miss Ferguson one of the finest portrayals of her screen career.

"Under the Greenwood Tree" which will be shown at the Best tomorrow is based upon a play written by Henry V. Elmond, a leading actor and playwright of London. The play was produced in that city in 1907 and on December 25, 1908, it was staged at the Garrick Theatre in New York with Maxine Elliott in the stellar role. The play scored a big hit and later toured the country with splendid results artistically and financially.

# CROW WING COUNTY QUOTA IS \$450,000

Quota for Brainerd to be \$190,000—  
Plans Perfected for "Tank Day"  
April 18

## POLICE TO GUARD THE TANK

Soldier and Sailor Visitors in Uniform to be Given Dinner—  
Parade in Evening

Anybody feeling pessimistic about the success of the Fifth or Victory Loan not making the grade in Crow Wing county, has had that swept aside when he saw the splendid terms offered on the loan, the high rate of interest, the installment plan of payment spread over months and the reasonable quota assigned, being \$450,000 for the county and \$190,000 for the city of Brainerd.

Committees met this morning at the headquarters of County Chairman Carl Zapfe and there perfected details for "Tank Day" in Brainerd Friday, April 18.

The city is to provide two special policemen to guard the tank and flat car during its stay in the city. The tank will arrive at 6 o'clock Friday morning from Aitkin and leave Saturday morning at 6 o'clock for Wadena.

To City Chairman, Mayor R. A. Beise was delegated the task of acquiring sufficient gas and oil from local garages to run the tank. It is tentatively planned to have the tank depart itself at the noon hour in Northeast Brainerd, from 4 to 5 in Southeast Brainerd and in the evening to be the big feature in the parade 7:30 to 9 o'clock, which will include tank, uniformed soldiers and sailors and the Brainerd City band.

The parade will form at Eighth and Front, proceed on Front to 5th thence to Laurel, on Laurel to Eighth and back to Front. Some place will be selected for the tank to perform its stunts. The Model Laundry Co. has offered an old laundry wagon as a sacrificial offering for the tank to destroy.

An invitation has been extended 1st Lieut. McGuire of Ironton to be present and take charge of soldiers in the parade, etc. Lieut. McGuire has just returned from France and was a member of the only "battalion" of heavy tanks of the American army which served in France and was with the British. Members of the battalion are the only tank men allowed to wear battalion colors. He was in four or more major battles.

Visiting soldiers and sailors in uniform are to be given meals, as planned by the committee at the morning session. A uniform system will be evolved so as to expedite that part of the work.

Entertainment is also to be provided the two soldiers accompanying the tank. Every detail will be looked after to make "Tank Day" the opening of the Victory loan campaign, a most successful and auspicious occasion.

Speakers after the parade, in short addresses, will explain the purpose of the loan and the necessity to "finish the job."

In an interview Tuesday, Carl Zapfe, county chairman, stated that the last possible chance that the drive in Crow Wing county might not be successful had been eliminated by the amount of the quota. For the Third Loan it was \$350,000, the Fourth was \$720,000 and the Fifth will be \$450,000. Every local will find it exceedingly easy to make its quota and put the county over the top in a few days.

Allotments have been made again, notices are being mailed requesting citizens to appear at the city hall and subscribe. The same general plan has been followed as in the Fourth Loan which proved so satisfactory.

## NOTICE TO BUILDERS

The Board of County Commissioners of Crow Wing county, Minnesota, will receive sealed bids up to 2 o'clock P. M. May 3rd, 1919, for moving the Baxter School House off the right-of-way of State Road No. 2. Specifications can be seen at the office of the County Engineer. The right to reject any and all bids is hereby reserved.

Dated at Brainerd, Minnesota this 12th day of April, 1919.

C. W. MAHLUM,  
County Auditor.

## Couldn't "Unthink."

Elizabeth had broken her precious dolly and was inconsolable. The entire family united in trying to cheer her up and make her forget her sorrow. One day soon after the catastrophe her mother found her in tears and, putting her arms about her, said: "Tell mother what's the trouble, dear." To which the little one made answer: "Oh, mother, I can't unthink about my dolly."

OLD PAPERS—5c BUNDLE

## EXPLAINS BARCOCK GOOD ROAD LAW

Only Possibility of Defeat of the Measure can Come Through Misunderstanding of Voters

## NO VALID OBJECTION TO IT

Provides for Taking Over and Building of Nearly 7,000 Miles of Hard Surfaced Roads

(St. Cloud Journal-Press Editorial)  
The only possibility of defeat of the Barcock good roads amendment is from misunderstanding by the voters.

There can be no valid objection to it by any citizen.

If you have an idea that you do not favor it, it is because you do not understand it.

Here are the main features, briefly stated:

It provides for the taking over and building of nearly seven thousand miles of hard surfaced roads which reach every section of the state, and the principal traveled roads.

There will be an issue of ten million dollars of bonds each year for ten years, but the outstanding bonds at no time shall exceed seventy-five million dollars.

These bonds and the interest are to be paid from a license on automobiles and trucks. The average license will be \$18 a year—and these automobiles and trucks will be free from all other taxes.

The license money is put into a sinking fund and can only be used in payment of the bonds and the interest. It will amount to about five million dollars a year at the start and will steadily increase and will be amply sufficient to retire all bonds within twenty years of their issue.

There will be no tax levy to build these roads.

The automobiles and trucks will pay the entire expense. The man who does not own an automobile will not have to pay a single cent towards the building of these roads, no matter how much property he may own. He may own one or a dozen farms, which will be increased in value, and unless he is the owner of an auto, he has not a cent to pay towards giving Minnesota seven thousand miles of paved highway.

The only people who might have an objection to the plan are the automobile owners, but they will get back in a decrease of expenses from three to four times the amount they pay for their yearly license. Their saving in gasoline alone will be as much as their yearly license, if they drive five thousand miles a year—and these paved highways will double the mileage for their tires, and lessen the upkeep of their car. The automobile owners are enthusiastic for the Barcock plan. Why should any one else object, when the entire cost is paid by them?

The amendment will be submitted to the voters at the November election, 1920. If adopted, the highway commissioner will take control of these seven thousand miles of road in 1921. The several counties will be relieved of all expense of maintenance and improvement of these roads.

In Stearns county the state will take over 160 miles of highways, on which is now expended about 80 per cent of all the road money raised by the county, and contributed by the state. The county commissioners will have control of these moneys as at present. They can then designate 160 more miles of state roads in the county, to be graded and graveled, and kept in good condition by caretakers. This would give the county 160 additional miles of good, well maintained highways, and would be a direct benefit to the people using these highways. This means also that many of these roads, now an expense to the towns, would be taken care of by the state and county, and the towns in turn can use their funds to put in condition other roads, which means good passable roads all over the county—and what is true of Stearns is equally true of the other counties.

The Barcock plan will therefore not only give the commonwealth 7,000 miles of the most perfect highways, 18 feet wide, at no expense to the general taxpayer, but it will also give the state an additional 7,000 miles of state highways, at no increased expense, and a general improvement of town roads—all this without an extra cent of taxes.

Get these facts in your mind, and when some of your neighbors object to the plan, you can easily convince them of their mistake. This is the best proposition ever put up to the people of the state—and it should have a tremendous majority at the election.

It may take a lot of explaining to get every citizen to understand the proposition, and every friend of good roads should start in boosting it once for the amendment and keep it up until the last vote is cast. It is too important a matter to be lost through neglect.

## TORRIS J. NEWGORD

Passed away at His Home at the Dodd Place on Oak Street, Leaves Six Children

Torris J. Newgord, age 70, for many years a resident of Brainerd, died Monday evening of cancer of the stomach from which he had suffered many years. He was born Sept. 8, 1848 and came to America in 1868 and settled in Jacksonville, Illinois. He was married to Miss Mary L. Erickson in 1871, later moving to Ackley, Iowa.

The family resided 17 years in Brainerd. He leaves six children being Edward of Sioux Rapids, Iowa; Theodore, Gust, Carl Leonard in war service in Germany, Miss Ellen and Miss Tilly of Brainerd.

Funeral arrangements have not been announced until all relatives can be communicated with. The sympathy of the community is extended to the bereaved family.

## CAN OF POWDER NEARLY RUINS SIGHT

Olaf Peterson Looks into Can of Ignited Powder and Faces the Explosion

## LAD RUSHED TO SPECIALIST

Eyes will be Saved, But Face is Badly Pitted by Burned Powder Taking Months to Eradicate

Olaf Peterson, ten year old son of Ole Peterson, a farmer living near Brainerd, nearly lost the sight of his eyes by the explosion of a can of powder. The boy was playing with a young colored man at the farm and they had cut off the heads of a number of shells and spilled the contents in a can. A match was applied and the contents fized out.

A second match was put to the can and young Peterson, bent on seeing what would happen, glued his face to the mouth of the can. There was an explosion and he got the full force in his face. He was taken to St. Paul to be treated by specialists and at the end of a week his eyes were saved. His face is pitted with powder which will eventually work out of the skin.

## EMIL ANDERSON

Well Known Carman, Age 54, Died of Complications at His Home at 705 Nineteenth Street

Emil Anderson, age 54, a well known carman, passed away at 10 o'clock Tuesday morning at his home, 705 Nineteenth street, death being due to complications. For 23 years he had worked at the shops and was well liked by all associates and employers.

He was married 21 years ago to Miss Mary Lindahl. There were no children from this union, but an adopted son, Hugo Anderson, and the wife survive the deceased. A sister, Mrs. Alma Oberg, lives in Anoka.

Mr. Anderson took to his bed some twenty months ago and in all that time not a word of complaint escaped his lips. He endured with a smile all suffering and appreciated the loving care of his wife and adopted son who were with him to the end.

Mr. Anderson was prominent in fraternal circles. He held membership in the Modern Brotherhood of America, the Ancient Order of United Workmen, Svea Benefit society, the Carman's Union and the North Star society. He was an active member of the Swedish Lutheran church.

The funeral will be held on Thursday afternoon at 2 o'clock from the residence and at 2:30 o'clock from the church, Rev. Elio G. Carlson officiating. The sympathy of the community is extended to the bereaved family.

## UNION PASSION WEEK

Services to be Held This Evening at the First Baptist Church at 7:45 O'Clock

The Union Passion week service will be held this evening at the First Baptist church at 7:45 o'clock. Rev. Frederick Errington, pastor of the First Congregational church, will deliver the sermon.

The meeting tomorrow evening will be held at the Swedish Baptist church at 7:45 o'clock. Rev. David Nygren will be the speaker. A large attendance is desired at these services.

## ST. MATHIAS BOY AT FRONT NINE MONTHS

Sergeant Arthur Brousseau, Brother of Mrs. Stephen Tougas, with Rainbow Division

## IN TRENCH AND OPEN WARFARE

Men Often Without Water in Battles. Germans Broke Pump Handles and Blew up Wells

Sergeant Arthur Brousseau, a brother of Mrs. Stephen Tougas of St. Mathias, has returned home from 17 months service with the infantry of the Rainbow division, spending nine months of the 17 at the front. Five months was spent in the front line trenches and the other four were open warfare after the American force began to be felt.

Brousseau went over with his division in November, 1917, and in February, 1918, the Rainbow took over its first section of the front. This was in the Alsace-Lorraine sector, where the men of this staunch, hard-hitting division spent 115 days of continuous service, the small force of Americans then in France making it necessary for the trained divisions to bear more than their share of the burden.

The division then went into reserve on the Somme in the Verdun sector and were in the Champagne during the second battle of the Marne. In this battle the artillery was with the infantry in the front line, and it was here that Brousseau met Lovell Richie, who is a member of the 151st Field Artillery, Rainbow division. On July 19 the 42nd was relieved and went to Paris, where the men spent the night and part of the next day.

On July 26 they entered Foch's great counter-offensive which wiped out the salient between Rheims and Soissons, known as the Chateau-Thierry salient. Here the Rainbow met the once famous Prussian guard and defeated them. Brousseau said that the men of his division tried three times to cross the Marne, getting across the third time with terrible losses. In this battle Brousseau went over with his regiment at 5:10 in the morning. Shortly after he got started he was struck by a machine-gun bullet in the shoulder and by a high explosive shell in the right knee. For nearly nine hours he laid in the open waiting to be taken to a hospital and during this time the Germans launched an attack of poison gas. He had only one hand to adjust his mask owing to the wound in his shoulder, and it was at this time that he breathed the poisonous fumes which still affect his health.

He states that during the battles of the Marne and the Argonne he was with the 346th machine gun battalion, which was part of the 91st division. With the division he served in the Argonne campaign and the division was then transferred to Flanders to assist the British.

Emil Lundie, was in the city yesterday on his return from service in France. He served with the 47th infantry, 4th division, and was wounded the second day of the Argonne campaign.

Hogler Albin Fredstrom, son of Mr. and Mrs. Frank Fredstrom, end of South Sixth street, returned Sun-

## Beautiful Easter Suits

The suits for Easter truly are most beautiful. And there are not but one or two styles to select from as there are some seasons.

The box suits are very pretty; the blouse suits are the decided novelties; the semi-fitted suits appear fine on those who can wear them and the belted suits are made in prettier styles than ever.

It is from selection of these excellent styles that visitors to our garment section may select their Easter suits this year.

H. F. Michael Co.

day from overseas duty. He left Brainerd with other boys for Camp Lewis, Washington, from where he was transferred to California, then to Texas and through the central states, into Canada, then to New York, where he was stationed but a short time before being sent overseas with Co. I, 167th Infantry and was later transferred to the 91st Division and was moving into the front line trenches when the armistice was signed.

A. Purdy, has received a wire from his son Sergeant Ray Purdy, of the 346th machine gun battalion, that he has arrived safely in New York from France. With the 91st division he served in the Argonne offensive but came through without injury.

DISPATCH WANTS GET RESULTS

## RESIDENT HAS AWFUL EXPERIENCE

"I was twice confined in hospitals, in the last one nothing but gruel water was injected into me 4 times a day, as my stomach would not retain any food. I suffered terribly; was reduced to a skeleton. My folks saw an ad of Mayr's Wonderful Remedy and it has surely saved my life. I weigh 180 lbs. now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.—Advt.

## Tractor Demonstration

APRIL 17th At 10 O'clock

You are cordially invited to attend a 10-20 and 8-16 tractor demonstration Thurs-

day, April, 17th on Joe Ros-

ko's farm 1 mile south of Brainerd at 10:00 a. m. Be on time. The

Titan 10-20 and 8-16 are both a reliable and dependable, all around power

machine to run your field machines and ready to be crowded in rush hours, to cut down

expense, to spare the horses you keep, to run the belt machines, and in fact to fit you out to farm efficiently.

Thoroughly reliable kerosene burning tractors that cost you a great deal less than horses and less than 1-2 of a gasoline engine to operate. Costs you nothing when it is not working.

We urge that you attend this demonstration as you will see both the 8-16 International and 10-20 Titan under actual working conditions, and you will be convinced that it is a money saver for you.

Remember the Date--April 17 at 10 O'clock.  
Bring a Friend or Two. No Charge Whatever.

Rosko Brothers  
Brainerd, Minn.

### HELP THE BLIND.

Soldiers themselves are almost unanimous in voting the blinded men the greatest tragedy of war.

Poor France has 3,200 men whose eyes were blasted out of their heads while meeting mankind's enemy in the Great War.

The United States has not complied figures on the number of her blinded sons. While the number is far lower than in France, this country is doing everything that money and kindness can do to make the blind happy.

They are being taught trades that will be self-supporting and they will not be turned loose until they can stand on their feet. Educating the blind is a tedious and a costly process. Another reason for the Victory Liberty Loan. Think of the blind boys when asked to subscribe your allotment on April 21st.

### Australian Miners Get More Pay.

Melbourne, April 15.—It is stated that the coal owners have agreed to increase miners wages 2 1/2 per cent and that the commonwealth government, simultaneously, has sanctioned an increase in the price of coal.

### Kilbane Gains Decision.

Charleston, W. Va., April 15.—Johnny Kilbane, featherweight champion of the world, won the newspaper decision over Jack Lawler of Omaha, Neb., in a fast 10-round bout here.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## FOE ENVOYS TO COME THIS WEEK

Date of Their Arrival in Paris Only Few Days Hence, Says Journal.

## "EVERYTHING IS WELL"

Statement Made by Lloyd George as He Leaves for Brief Stay in London—Date Undecided, But Soon, Says Clemenceau.

Paris, April 15.—The Petit Parisien says it understands the peace conference leaders have come to an agreement regarding the date when the German delegates shall be called into conference. That date, it declares, is close at hand, before April 20.

Premier Lloyd George, leaving for London, said "everything is going well," and he is "well pleased with what has been accomplished." He is expected to return Friday.

Date Undecided, Says Clemenceau.

Premier Georges Clemenceau, asked regarding the suggested date of April 25 for calling in the Germans, said it had not yet been definitely decided, and that possibly it might be earlier. The Big Four met unexpectedly for the purpose of reaching an agreement on certain details that would permit Premier Lloyd George to leave for London.

### Italian Claims Discussed.

Italian claims were discussed by the Big Four. It was understood that Premier Orlando and Foreign Minister Sonnino are at odds.

Premier Clemenceau told a deputation of the radical socialist group which called on him that the question of reparation by Germany had been settled among the Allies a few hours previously on a basis that would satisfy the desires of the deputation as these had been presented to him, and that the same could be said for the negotiations concerning the Saar valley.

The council of four did not meet. Instead, President Wilson conferred with Premier Orlando and other Italian leaders on the Adriatic problem.

The conference committee on territorial questions has settled the problem of the Banat district, south of Hungary proper, in which Serbian and Rumanian claims were involved, according to the Petit Parisien. The newspaper says the decision respected the rights of each nation.

### Speed Toward Peace.

Washington, April 15.—Continued progress at the peace conference is reported in dispatches to the White House from Paris. The intimation was conveyed that all important questions still at issue soon would be cleared up.

### OVERSEA FLIGHT DELAYED

Race of Two Planes Is Put Off by Fog.

St. John's, N. F., April 15.—Harry G. Hawker and Lieutenant Commander Grieve, the Sopwith biplane team, in view of adverse conditions, intimated that the start of the trans-Atlantic flight for the next few hours at least was doubtful. Although the rain has stopped, the ground is soft and the hangars are enveloped in a dense fog.

Meanwhile Captain Raynham and Major Forgan, other contenders for the London Daily Mail's \$50,000 prize for an over the ocean flight, announced they might make a trial trip in a few hours.

If Hawker is delayed two days longer, the prospect of a race between the rival pilots on even terms may become a reality.

### ANOTHER WAR INEVITABLE

German Writer Predicts Failure of Peace Conference.

Basle, April 15.—Count von Reventlow, former military expert of the Berliner Tageblatt, in an interview telegraphed here, declared he favors restoration of a liberalized monarchy.

"I do not believe the present conference will make a general and lasting peace. Further war is inevitable. Peace cannot be just unless Germany is considered a belligerent and treated as such," said von Reventlow.

### AMERICANS REPORTED SAFE

Escape From Odessa When Anarchists Occupy Russian City.

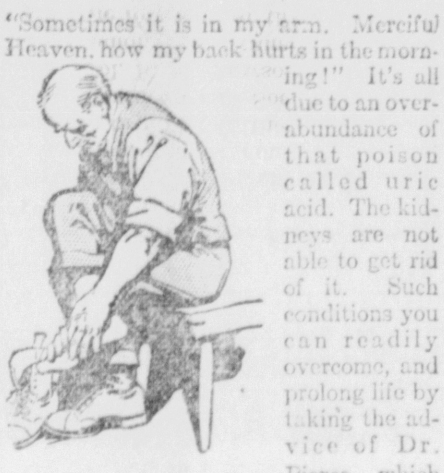

Washington, April 15.—Every American in Odessa, members of all the foreign missions and about 20,000 Russian refugees got away safely when the city was abandoned to the Bolsheviks, according to a belated dispatch from Constantinople received at the state department. Many of the inhabitants of the city accompanied the Allied party, which retired toward Akermans.

### Advocates More Open Air.

Cannes, France, April 15.—The committee on tuberculosis of the Inter-Allied Red Cross congress, in session here, has made public a report which will be presented to the nations of the world through national Red Cross societies. It lays down a number of recommendations under the headings of care of children, housing, nutrition and alcoholism, and advocates the extension of open air systems in congested localities such as barracks and asylums.

## "Gee-Whiz! How it Hurts!"

"The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order."

"Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

### EDITOR HELD FOR MURDER

Accused of Stabbing Judge to Death at Richmond, Va.

Richmond, Va., April 15.—Robert S. Lyon, editor of the Richmond Conservator, charged with murder in the first degree, following the death of Judge Frank P. Divilbiss, was released under bond of \$15,000, pending the October term of court.

Witnesses called before the coroner's jury testified that Judge Divilbiss had been stabbed by Lyon.

### Japan Reinforcing Garrison.

Tokio, April 15.—The Japanese war office announces that it is re-enforcing its garrison in Korea by six regiments of infantry and 400 gendarmes, because the riots there have assumed a dangerous character and extended to all of Korea.

### DAILY MARKET REPORT

Minneapolis Grain.

Where Blame Lies.  
Life starts most of us out with an excellent endowment of strength. It is our own abuse of this strength that brings about our ailments. Life starts most of us out with courage and will. It is our own neglect of these qualities that sets courage and will dwindling. Life starts most of us with very good looks or with looks that are good enough. It is our own neglect of personal care that makes us plain looking.

Plants Affected by Sun.  
Some remarkable variations in plant structure and color from exposure to the sun at different hours of the day have been brought to the notice of the Royal Microscopical Society of England by Col. R. E. Rawson. In flowers of the common nasturtium—tropaeolum majus—the low sun of the early morning developed yellow coloring matter, the middle sun of midday stimulated the violet blues and purples. The color of the foliage and lobing of the leaves also changed.

18 cents a package

What you pay out your good money for is cigarette satisfaction—and, my, how you do get it in every puff of Camels!

EXPERTLY blended choice Turkish and choice Domestic tobaccos in Camel cigarettes eliminate bite and free them from any unpleasant cigarette aftertaste or unpleasant cigarette odor.

Camels win instant and permanent success with smokers because the blend brings out to the limit the refreshing flavor and delightful mel-

low-mildness of the tobaccos yet retaining the desirable "body." Camels are simply a revelation! You may smoke them without tiring your taste!

For your own satisfaction you must compare Camels with any cigarette in the world at any price. Then, you'll best realize their superior quality and the rare enjoyment they provide.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

### New Ship Line to Buenos Aires.

Buenos Aires, April 15.—The Lloyd Brasiliere announces the inauguration of a new steamship line between New York and Buenos Aires. The first vessel to be engaged in the trade will be the Uheraba, which will leave Buenos Aires for New York early in May.

### Police Hear of Theft.

Chicago, April 15.—Police had their ears to the ground. Thieves made away with \$300 worth of sounding boards.

### Resignation of John Walsh Accepted.

Washington, April 15.—Acceptance of the resignation of John Walsh of Washburn, Wis., chief counsel of the Federal Trade commission, is announced. Mr. Walsh, who has been connected with the commission since its creation, will enter the practice of law in this city.

### Maid Swallows \$300 Diamond.

Chicago, April 15.—Mrs. Henry Metz is more anxious than ever to keep her maid. The girl swallowed a \$300 diamond.

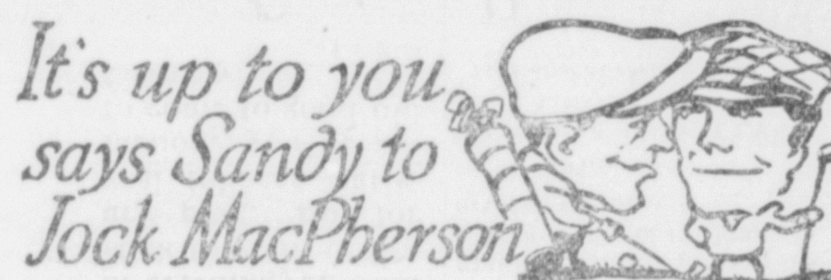

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin, a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere. An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

"If it's thick, heavy sweetening you want stick to your ordinary plug. But for real tobacco satisfaction, you've got to come to good old Gravely."

Good taste, smaller chew, longer life is what makes Genuine Gravely cost less to chew than ordinary plug.

Write to:—

GENUINE GRAVELY

DANVILLE, VA.

for booklet on chewing plug.

## DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

## BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lumbago, back and other wrenching pains, which are nature's signals for help.

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your drug store and get a box of the pure, official GOLD MEDAL Haaslem Oil Capsules, imported fresh every month from the laboratories in England, Scotland, Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.
